

AmeriGas®

SEE YOURSELF AT AMERIGAS

As America's largest propane provider, when you sign on at AmeriGas you become a part of something BIG. But more importantly, you can make a BIG impact where it matters most, with our customers. We've been proudly serving over 1.3 million of our neighbors by fueling their homes, businesses, and auto fleets since 1959.

When you join AmeriGas, you join a team of over 6,000 professionals who are dedicated to delivering approximately 1 billion gallons of propane to our customers from 1,400+ points of distribution in the United States—you're fueling whole-home comfort, local businesses, and the communities that rely on both.

Are you the customer-focused, passionate, and reliable delivery driver we need on our team?

WHY WE NEED YOU

Delivering on the promises we make to our customers is one of the most important things we do at AmeriGas. Our delivery drivers allow us to fulfill those promises and is one of—if not THE—most important role on our team. They are the heart of AmeriGas.

Our drivers are also the reason we are the nation's premier propane provider; it's their passion for customer service and safety excellence that elevates our AmeriGas Fleet to a level of distinction. Join our team and you too can make all the difference, one stop at a time.

WHAT WE'RE LOOKING FOR

- A safety focused mind with a customer first attitude.
- A willingness to safely brave all weather conditions to keep our customers secure and comfortable.
- Ability to work a rotational schedule with certain "on-call" commitments.
- MUST be 21 years of age.
- MUST have a CDL A or B with hazmat, tanker, and air brake endorsement.
- MUST have a great driving record.

WHAT YOUR DAY WILL BE LIKE

While no two days are ever exactly the same, here are the highlights of what you can expect as a member of the AmeriGas Delivery Fleet:

You'll arrive at work between 3am – 7am (depending on your location) geared up in your PPE and ready for an 8 to 12-hour shift.

After a thorough pre-trip safety check of your equipment, you'll check your route for the day.

Depending on the season and business need, you'll safely drive to, and deliver propane at, 15 to 25 stops.

At these stops, you'll fill both residential and commercial tanks with propane.

You'll deliver propane cylinders to our commercial/industrial customers, exchanging the empty propane tanks for filled ones.

Create a great customer experience by opening gates, opening BBQ cylinder cages, etc.

You'll document the propane used at each stop and update the digital tracker on the company tablet.

We'll also ask you to work on-call for a week about once or twice a month, depending on your rotation.

WHAT WE OFFER

Compensation

- Sign-on bonuses available
- Competitive pay with performance related incentives

Benefits

- Endorsements/training reimbursement
- Comprehensive, competitive healthcare with optional dental and vision
- An employee propane discount
- Up to a 5% company-match 401k
